NEALE **TAYLOR**

Toronto, Ontario · (905) 329-6340
nealeptaylor@gmail.com · /in/nealeptaylor · www.nealetaylor.com

I'm a versatile software developer proficient in both front-end and back-end development. With a strong ability to work independently or lead teams, I excel in delivering high-quality code. My daily exposure to diverse technologies allows me to quickly adapt to new languages and frameworks. Known for my adaptability and commitment to excellence, I'm a personable, fast learner who thrives in dynamic environments.

EXPERIENCE

2023 - PRESENT
SOFTWARE DEVELOPER, FROM LAB 2 FULFILLMENT
- Developed multiple full-stack applications using React, JavaScript, SCSS, Node.js, and Express, meeting strict project timelines and client requirements.
- Utilized Agile methodologies to collaborate seamlessly with cross-functional teams, ensuring efficient development cycles and delivering high-quality results.
- Proficiently reviewed and debugged code in multiple languages, enhancing codebase reliability and functionality.
- Deployed applications to the web using Google Cloud Repositories and Cloud Run, leveraging Docker containers for efficient deployment.

2022 - PRESENT
WEB DEVELOPER, FREELANCE
- Successfully constructed, updated, and launched multiple websites and web applications across diverse professional engagements.
- Proficiently employed a range of coding languages to consistently deliver clean, functional code within tight deadlines.

2020– 2020
TECHNICAL SUPPORT ADVISOR, CONCENTRIX
- Managed diverse customer requests and promptly addressed emerging issues.
- Demonstrated adaptability and a commitment to continuous learning to enhance call efficiency.
